

FRESHNESS YOU CAN SEE,
PACKAGING YOU CAN

TRUST®

Multi-Compartment Produce

Make your product a party favorite with Display Pack's
multi-compartment produce packaging.

You've perfected your product.
We've perfected how to showcase it.

Choose Display Pack's Multi-Compartment Produce Packaging For:

SLEEK LINES & MINIMAL DESIGN

With sleek lines & minimal design in mind, our multi-compartment produce containers deliver ultimate packaging clarity for your grab-and-go party tray offerings. These trays stack well for in-store merchandising purposes & a better consumer experience by keeping product sealed fresh and easy-to-transport. Make produce the centerpiece of the table with strong, ribbing-free packaging that enhances the overall perception of the product offering from any angle. Our goal? To make your product stand out.

ECO-FRIENDLY

Display Pack's multi-compartment produce packaging makes party clean-up a breeze with 100% recyclable lids + bases.

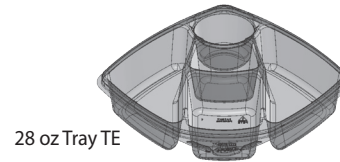

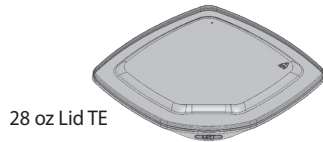

Easy & earth-friendly. Plus, the assembled packages contain significantly less plastic when compared to two-piece containers with traditional shrink bands. Our multi-compartment containers are produced in post-industrial recycled plastic and features a #1 recycle code for superior acceptance via curbside recycling programs. Better for the environment, better for your wallet.

SECURITY & PEACE OF MIND FOR YOU & YOUR CUSTOMERS

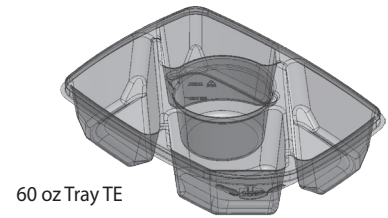

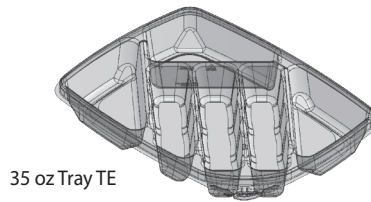

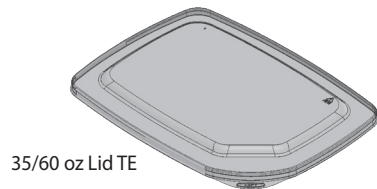

Our patented tamper-evident indicator alerts the consumer if a product was opened prior to purchase; increasing buyer confidence in product safety, quality, and freshness. The package can only be opened by pressing down on the tamper evident device with one hand and pulling up on the lid tab with the other – thus activating the indicator. Our leak-resistant packaging protects against spills, in-store or at home, reducing the potential for messes and consumer frustration in one fell swoop. All of our packaging is FDA approved and produced in our Safe Quality Food Level II certified facility. So you can rest easy.

Are you searching for custom produce party tray containers?
We can make that happen. Let's talk.
